## POULTRY EXHIBITS TO BE OF UNUSUAL QUALITY, INTEREST

December 14, 15 and 16  
are date chosen by  
Local Association

The fifth annual exhibition of the aristocrats of the feathered kingdom will be held in the Klein building in the business district of Antioch, December 13, 14, and 15.

This announcement was made this week by C. L. Kutt, secretary of the Antioch-Lake Villa Poultry association. Mr. Kutt says that he hopes many more persons than ever before will take advantage of the opportunity to see the exhibits. The dates chosen, preceding the holidays as they do, he said, should bring to Antioch hundreds of shoppers, and the Christmas spirit will prevail throughout.

Reports from members in the rural districts indicate that this year's show will be one of unusual quality. Efforts are being made to get exhibitors from this region to make exhibits of their finest stock. The secretary, who also acts as fieldman for the association, reports having seen many birds on the farms around Antioch that are far superior to any shown in previous years. This, he believes, is saying a great deal, when one recalls the quality show of 1926 that was held at Allendale Farm. Prospects are not only good for a quality show, but a large number of entries are also anticipated by association members.

A limited number of standard brood cockerels of various breeds will be sold the afternoon of December 15. The evening of the same day a dressed and live poultry sale is to be held, giving housewives an opportunity to buy poultry for their Sunday holiday dinners.

Officers of the association are: D. H. Minto, president; Clyde Wentworth, vice-president; C. L. Kutt, secretary-treasurer, and Bert Edwards and Harry Tillotson, directors.

## COMMITTEE IS NAMED TO ASCERTAIN NEEDS OF THIS COMMUNITY

Survey Will Be Studied,  
And Report Is To Be  
Made Later.

To further study the needs of the community of Antioch a committee of 15 persons was appointed at a meeting of the official board of the Methodist Episcopal church Tuesday night.

A survey conducted by the Rev. A. M. Krahl revealed that better equipment and facilities are needed for furthering community recreation and religious education. Antioch also has no place for developing home talent dramas—no community stage, the survey revealed. There is also, it was found, no place to conduct a forum or to hold societies where a great many persons can be accommodated.

The committee appointed will study the survey and make an attempt to ascertain the needs of the community and report at a later date.

## LAKE VILLA RESIDENT IS INJURED IN FALL FROM TOP OF HOUSE

Carl Larson Was Helping  
Repair Chimney When  
Accident Occurs.

Two broken ribs, a broken wrist, and several minor injuries were sustained by Carl Larson, 50, Lake Villa, when he fell from the roof of the John Walker home, Lake Villa, yesterday morning at 11:15 o'clock.

Mr. Larson was helping Mr. Walker repair a chimney. He is now in Lake County hospital, Waukegan, where his condition is regarded as favorable.

## DEFENDANTS FACE TERMS IN PRISON OR MONEY FINES

Five Men Charged With  
Conspiring to Embezzle  
County Funds.

Failure to agree on jurors in the Lake County Circuit court for the hearing of the treasury case has taken up most of the time this week in Waukegan. At a former trial in which the jury disagreed, two and one-half days were required for the task.

The five defendants, Roy Bracher and Ira Pearshall, former county treasurers; Harold Martin, former Waukegan banker; Caleb Busick, Winnetka oil stock promoter; and Clark Nye, Kansas banker, if found guilty of conspiring to embezzle \$100,000 of county funds, would face the following penalties: not less than \$1 or more than \$2,000 or not less than one day or more than one year in jail, or both.

Costs of witnesses must be paid by the county if the men are found not guilty or if a disagreement results. Otherwise the expense, which will be about \$5,000 will rest with the defendants.

## Labor Head Asks Nation's Workers to Support Red Cross

William Green, president of the American Federation of Labor, in Washington, calls upon the workers of the nation to support the twelfth annual roll call of the American Red Cross, November 11-29, in the following statement:

"Through the American Red Cross we find expression for some of our noblest ideals. It is an effective instrument for magnifying many times our personal service to humanity.

"In the face of great disasters, when the injured and homeless run into the thousands, there is little we can do individually. Consolidating our strength through membership in this great organization, our opportunity for service is unlimited.

We must not forget that every day is a day of disaster to thousands. Into homes where disaster strikes your Red Cross goes in your name to be friend and counselor to those upon whom misfortune has laid her heavy hand.

"As President of the American Federation of Labor, I hope and feel confident that the workers of the nation will respond to the Red Cross Roll Call and have a part in this organization's great work."

(Signed)  
WILLIAM GREEN,  
President  
American Federation of Labor.

## ANTIOCH SCOUTS ENTERTAIN DADS

Ten fathers were present when the Antioch Boy Scouts entertained their Episcopal church Friday night. The program was informal. Pictures of the Dempsey-Tunney and Tunney-Hoover fight were especially enjoyable.

## Choose Play

The seniors have selected as their class play, "It Pays To Advertise." It will be presented Friday, December 7. Now that the football season is over, all available spare time will be devoted to the play.

## CORRIN IS APPOINTED COMMISSIONER HERE BY MAYOR POLLOCK

Board Decides To Widen  
Orchard and Main St.  
Intersection.

Appointment of Richard Corrin as building commissioner for the village of Antioch has been announced by Mayor S. E. Pollock. The appointment has not been officially confirmed by the Village board, but it is expected that it will be at the next meeting.

Discussion was held at the board meeting Friday night regarding whether the services of the local motorcycle officer will be retained through the winter months. No definite action was taken, however, but it was decided that the officer should be on night duty the remaining part of November.

That the Public Service company has had many calls on both sides of Main street was brought out at the meeting. The board did not act, however, as residents have not seemed willing to co-operate.

The widening of Orchard street at the intersection with Main street has been decided upon by the board members. Fifteen feet of ground have been purchased from the Antioch hotel and in the spring the opening will be widened. The corner on the Antlers hotel side, also will be cut away, when the work is completed the street will be 40 feet in width.

The copies of the new building code ordinance were received at the board meeting.

Contracts were let by the board for sewer construction in the Thorne and Craig subdivisions. Both contracts went to Joseph A. Melloy, the bid in the former district being for \$2,443 and in the latter for \$2,670.

## ANOTHER CALL

Another call answered by the Antioch firemen at 11 o'clock today was in the Wedge slough, as had been one earlier in the day.

## AMERICAN LEGION TO GIVE MEDALS TO GRADE PUPILS

Character Development  
and Scholarship to  
Form Basis

American Legion School Award is now being taken up by the local post of the American Legion. The award is designed to place emphasis on the development of character and scholarship in school pupils by the presentation of medals to outstanding pupils.

The award will be limited to the eighth grade pupils because it has been most strongly felt that the boy or girl must be reached at an impressionable age and at the threshold of their entrance either upon a more extensive education or their entrance into the bread-winning world. It is felt by local members that the highest purpose to which the American Legion can devote itself is the cultivation of high character and wholesome ideals in the youth coming to citizenship, and thus, during the years, as the American Legion members grow older, there will be perpetuated in the winners of its awards, those fighting qualities and that love of country, that unselfishness, that high regard for truth and honor shown in the American participation in the World War.

Before starting this activity, it was necessary to obtain the consent and co-operation of W. C. Petty, principal of the Antioch grade school. Mr. Petty expresses himself as being pleased with the idea and is desirous of carrying out the plan to a highly successful completion.

Five talks will be made during the year by members of Antioch Legion Post on the following subjects: "Honor," "Courage," "Scholarship," "Leadership" and "Civic Pride."

The boys and girls who are to receive the medals will be selected after consultation with teachers and members of the eighth grade class who will vote separately on the five qualifications set forth as the basis for the awards.

Medals will be awarded to the boy and girl of the graduating class from the eighth grade who shall receive the highest total percentage on the following basis of points:

- Honor: Strength and stability of character, high standards of conduct, keen sense of what is right, adherence to truth and conscience and devotion to duty and practice of clean speech 20%
- Courage: Bravery in the face of opposition and danger, and grit to stand up for the right and do one's duty 20%
- Scholarship: Scholarly attainment, evidence of industry and application in studies 20%
- Leadership: Ability to lead and to accomplish through group action 20%
- Service: Kindliness, unselfishness, fellowship, protection of the weak 20%

## NEW SCHOOL BUILDING OF ANTIOCH IS FORMALLY OPENED ON SUNDAY

Hundreds Inspect Grade  
Building During After-  
noon and Evening

Hundreds of persons from Antioch and surrounding communities attended the formal opening of the Antioch Grade school building Sunday afternoon and Sunday night.

The school, beautiful in itself, was made even more attractive by the large baskets and vases of chrysanthemums. Especially beautiful were the huge graceful wicker baskets filled with golden, bronze, and soft lavender chrysanthemums, seemingly dependent on branches of oak leaves splashed with autumn's coloring.

These baskets were placed in front of the fireplace in the first grade room. The first grade room is, as first grade rooms should be, the most attractive in the building. Instead of desks and seats are small tables and chairs of golden oak, the oak harmonizing with the mottled tan walls, and the brown brick of the fireplace. The walls, above the blackboards, in all of the rooms have places provided for posting and exhibiting work of the students. Each room also has a bulletin board. Built-in bookcases

## FORMER MILLBURN CITIZEN THOUGHT DISASTER VICTIM

Formerly a resident of Millburn, Mrs. John M. Mills, 65, Los Angeles, is listed among those missing and unaccounted for in the sinking of the steamship Vestris which foundered 275 miles off the Virginia Shores Monday.

Before her marriage, Mrs. Mills was Miss Mabel Smith, the daughter of Mr. and Mrs. George S. Smith, Millburn. She was born and reared in the vicinity of Millburn, but left shortly after her marriage, to make her home in Evanston. Her husband was a minister, but died several years ago.

Relatives say that they have not yet given up hopes for Mrs. Mills.

## CHAMPS IN MAKING WILL BE SEEN HERE DURING NEXT MONTH

Boxing Tournament To Be  
Staged At Palace  
Macek Says.

Champs in the making! That's what hundreds of persons will enjoy seeing at the Antioch Palace beginning December 7.

Plans have been announced by Promoter Dick Macek for a Lake County Illinois Amateur Boxing tournament to be held in the Palace. Contracts for entrants have been prepared by Matchmaker "Helio" Wallenwein. The tournament has been sanctioned by the A. A. U., and the winners will be A. A. U. champs. Promoter Macek deserves great credit for being able to stage such a tournament here, as previously such tournaments have been held only in large cities.

Each entrant must have been a resident of Lake county at least six months prior to signing the entry blank. He must agree to be at the Palace the night of December 7, and every Friday night following until eliminated from the tournament.

Each person boxing must be a registered athlete and must show his registration card to the inspector of the Central States A. A. U. and to the examining physician upon being weighed. Entries close December 4, at 6 o'clock in the evening.

## FIRE WAS SMALL

Fireman of the Antioch Volunteer fire department answered an alarm turned in at 8:10 o'clock this morning. The blaze was a small one in Wedge's slough.

and promotion of the interests and welfare of associates without hope of personal reward 20%

The first of the five talks to be given during the year will be given by Commander Arthur Mapletorpe Friday afternoon, November 18, in the grade school on the subject of "Honor."

## OPEN FORUM HELD FOLLOWING SPEECH ON MILK PROBLEM

Antioch Business Men  
Also Hear Plans for  
Annual Poultry Show

Open forum discussion of the milk problem followed the address given by Professor Carl Hutchinson of the University of Chicago, at a meeting of the Antioch Business Men's club in the Micks Deper cafe Monday night. Don Geyer, another speaker scheduled to talk, was unable to be present because of an automobile accident.

Mr. Hutchinson first presented the cause of the Pure Milk Dealers' association and then gave an interesting talk on the results of a survey made by the Chicago Theological seminary as to the social relationship to the problem of the farmer and the consumer. The speaker brought out that the farmer is earning only \$25.08 a week, while milk wagon drivers earn \$55 a week. The profit of the distributor is entirely out of proportion to that of the producer, he maintained.

In the open forum discussion Robert Aht, of the Business club, spoke briefly of the local situation. More than \$100,000 a year, he said, is being distributed among farmers who are delivering milk to the Antioch creamery, being redistributed among Antioch merchants, again making Antioch the trading center of the vicinity. Without a doubt, Mr. Aht declared, the Antioch creamery will soon be running to full capacity as formerly did the Brockman concern.

The committee in charge of the poultry show announced that the show will be held December 14, 15, and 16 in the Klein building instead of the high school building, thus bringing the visitors into the heart of Antioch. The merchants will make an endeavor to create a Christmas spirit at this time through window displays and merchandise carried. C. L. Kutt, secretary of the Poultry association, said that 50 neighboring high schools have agreed to send delegates from the agriculture departments, to visit the poultry show and to participate in the grain judging contest which is to be held at the same time. C. N. Shultz is chairman of the committee of the Business club arranging for the poultry show.

The matter of advertising resorts around Antioch in connection with the outdoor show to be held in Chicago in May, was discussed. A committee consisting of J. C. James, chairman, Robert Aht and A. M. Krahl was appointed, to call a meeting of subdividers and resort owners to determine to what extent Illinois' lake region should be advertised.

## Local Boys Purchase Pure Bred Guernseys

Calves Will Be Used In  
Home Project Work For  
High School.

Two pure bred Guernsey calves were purchased by boys of Antioch High school, Lloyd Barnstable and Lloyd Arwell, last week.

The calves are to be used for the home project work outlined in the agricultural course which the boys are studying. The boys also expect to show the calves at the fairs next summer.

One of the calves was bought at the Behrens farm, Grand avenue, and the other at the Old Mill farm, Everette, Illinois. Kenneth Denman, another high school student, purchased a pure bred Holstein heifer for the same purpose at the George White farm, Antioch, earlier in the autumn.

## Bizarre Suicide

Rio de Janeiro.—The most bizarre attempt at suicide is credited to Ferreira Braca, who, despondent because his family blocked his movie ambitions, crawled into a cage containing two lions. When guards appeared to remove him, he drew a revolver and shot himself, inflicting a fatal wound.

## Great System

Bridgeport, Conn.—Steve Haydu has caused the arrest of two city fellows who convinced him that under their system of training he could get a match with and defeat Gene Tunney. Part one of the system was the payment of \$700 by Steve.

Household  
HintsA Different Thanksgiving  
Dinner

FROM the time when the Indians first went out in the woods and shot the most easily available game—turkey—that particular fowl has been the traditional meat around which to build the Thanksgiving dinner. In the same way the pumpkin pie for dessert is simply taken for granted.

But sometimes don't you get just a little tired when you think of all the years in which you have eaten turkey and pumpkin pie on Thanksgiving? Or are you like the New Englander who didn't care how many times a day he had pie, because he liked pie? Whichever class you belong to, the dinner menu and recipes given here will be stimulating. Roast duck stuffed with celery dressing and Indian nut pudding are suggested, but if you choose, there is no reason why the standard fowl and dessert could not be used in their place.

## Yes, Roast Duck!

Here are the menu and recipes for your approval. All the latter are planned to serve eight people.

*Harvest Fruit Cup*  
*Tomato and Lima Bean Soup*  
*Roast Duck with Celery Stuffing*  
*Celery Sauce*  
*Potato Croquettes*  
*Creamed Brussels Onions*  
*Squash au Gratin in Ramekins*  
*Cranberry and Apple Sauce*

*Cherry with French Dressing*  
*Indian Nut Pudding*  
*Stem Raisins*  
*Mints*  
*Coffee*

*Harvest Fruit Cup:* Choose red-skinned apples, and, leaving the skin on, dice and you have two-thirds cup. Add one cup of halved, seeded white grapes, and two-thirds cup diced, sliced pineapple. Pour over mixture one cup sweet cider and one cup pineapple syrup and serve, very cold, in glass cups.

## A Real Soup

*Tomato and Lima Bean Soup:* Empty the contents of a number 3 can of tomatoes into a saucepan and add one and one-half cups brown stock, the liquid from a number 1 can of lima beans, sixteen peppercorns, eight allspice berries, one bay-leaf, one slice onion, and one-half teaspoon celery seed. Simmer twenty minutes, then add a thickening made by browning three tablespoons butter, adding three tablespoons flour, mixing thoroughly and browning again. Bring to boil, then press all through a sieve. Add one-half teaspoon Worcestershire sauce and salt to taste. Add the lima beans from the number 1 can and heat. Serve in cups with a few beans in each cup.

*Squash au Gratin in Ramekins:* To three cups canned squash add three tablespoons melted butter, two well

beaten eggs, one and one-half teaspoons salt, one-eighth teaspoon pepper. Put into small, buttered ramekins. Melt two tablespoons butter, add one-half cup crumbs and mix thoroughly; add one-fourth cup grated cheese and sprinkle over the top of the squash. Brown in a moderate oven, 375° F.

## Now, the New Dessert

*Cranberry-Apple Sauce:* Mix one cup of apple sauce and the contents of a number 2 can of cranberry sauce in a sauce pan and cook rapidly for a few minutes. Press through a strainer or not, just as you desire. Cool, and pour into a glass serving dish to chill.

*Indian Nut Pudding:* Scald two cups evaporated milk and two cups water in the top part of a double boiler, add one-half cup cornmeal and stir for five minutes. Let cook five minutes more, then remove and cool slightly. Add one cup molasses, one teaspoon salt, one teaspoon allspice, one-half teaspoon ginger, one-fourth cup melted butter, two beaten eggs, and one cup chopped, canned walnuts. Pour into a buttered baking dish and bake uncovered in a low oven until a knife comes out clean. The temperature should be about 325° and the pudding should bake forty-five to sixty minutes. Stir occasionally the first ten minutes to keep nuts from sinking. Serve hot or cold with cream.

Bed Time  
TalesALL ABOUT WHAT THE  
LITTLE CHILDREN ARE  
DOING IN ANIMAL WORLD

BY V. LUDEL BODEN

"OF COURSE!"

That's what Johnny Ape said when he dropped the hammer on his toes. I don't blame him, do you boys and girls for doesn't it hurt to drop a hammer on your toes? Can you guess what Johnny Ape was doing with a hammer? Pounding nails? But why was he pounding nails? Well, I'll tell you. He was learning to be a carpenter.

Johnny is one of the most ambitious boys in Animal Land, and then, too, as you all know he has a sweet heart, Molly Gorilla, and he hopes that he can make enough money being a carpenter so they can get married. That is, he DID hope it, until he had such a dreadful time with his work the other day.

Johnny Ape got up bright and early and ate the breakfast of coconut cookies and milk which his mother had prepared for him—oh! yes! and the delicious, warm rolled oats—and after breakfast he put on his new sweater, his new red cap and his new gloves and said:

"Mother, I don't think I shall go to school today. I am going to stay home and learn to be a carpenter, and then I won't have to go to school any more and I can become rich."

Mrs. Ape did not say a word—and Johnny felt that at last he was becoming grown-up and that he would not have to do what his mother said any more. Not that Johnny didn't like to do what his mother said, for he always gladly obeyed everything she said, but he did like to feel that he was grown-up. You know how that is, don't you boys and girls?

Well, Johnny had three quarters which he had saved in his bank, and he took them to the store to buy things with which to work. He paid a dime for a hammer, a

nickle for nails, a quarter for a little saw, and a nickle for an old store box which he wanted to use for wood. Then, you see, Johnny still had a quarter and a nickle left. With the nickle he bought himself an ice cream cone. With a dime he bought Molly Gorilla a handkerchief which he would take to her in the afternoon after he had learned to be a carpenter. Guess what he did with the other 15 cents. He bought his mother some chocolate candy, because she hadn't said he should go to school. Wasn't it thoughtful of Johnny Ape, boys and girls, to remember Mrs. Ape with some of his favorite kind of candy?

Well, Johnny tasted the chocolates on the way home, and they tasted so good that he kept on tasting them until what do you think? By the time that he had reached home he didn't have one chocolate left. Not one! And Johnny Ape was really sorry, but he said to himself that when he had made a great deal of money being a carpenter, he would buy his mother a great, great big box of candy and he wouldn't eat a single piece. So you can see that Johnny really was very, very sorry.

Johnny went out in the wood shed and started his work. He tried to saw but he couldn't saw straight. He tried to pound nails but he couldn't pound them straight. They would always bend over. And he pounded a nail part of the way in, the board would split. He worked and he worked and finally he became a tiny bit angry. You remember, don't you boys and girls, that Johnny Ape has a temper? And when he dropped the hammer on his toe, it hurt so much that he cried "Ouch!" and then declared that he didn't believe he would be a carpenter after all. He ran into the house and asked:

Hints of Fashions  
Noticed Around  
Antioch

Tiny girls and boys like to dress fashionably as well as their mothers and fathers do. Small children are proud of their clothes, and even a new pair of shoes necessitates a visit to the home of a neighbor with the exclamation: "Look at my new shoes!"

One little girl who is barely able to walk, was seen in a local drug store the other morning, just a picture in pink! She wore a shell pink knitted cap and sweater suit—leggings and all. She was dressed for the coldest of days, but as she enjoyed the seemingly difficult task of trying to manage an ice cream cone she seemed to shout to the world: "What care I for cold?"

A little four-year-old Antioch boy has a new suit which he proudly displays to everyone. The trousers are chocolate brown velvet, and they button on to a tan blouse, which has the sweetest round collar and a tiny tie.

Sitting in a go-cart in front of a local meat market the other day was a small boy dressed in a white knitted cap, sweater, leggings, and mittens. He was so bundled up and so anxious to run around and play that he could scarcely wait for his mother to come with the meat. The baby's white suit was really "white" and nothing looks better than a clean white knitted suit—just as nothing looks worse than a soiled suit.

"Mother, Mother, is it too late to go to school? I think I would rather go to school than be a carpenter."

Then his mother laughed and laughed and laughed until there were big tears in her eyes.

"Why, Johnny Ape," she exclaimed, "the joke is on you! If there had been school today, you would have been there. I should have seen to that, but do you forget that this is Saturday and that there isn't any school?"

And Johnny Ape laughed, too, and gave the handkerchief he had bought for Molly Gorilla to his mother.

HUNTER ACCIDENTALLY  
SHOT BY COMPANIONSCondition Is Not Regarded  
As Serious; Injuries  
Painful.

Shots fired by three persons hit Harry Cunningham, Wilmet, Sunday afternoon while he was hunting near English Prairie.

Mr. Cunningham had gone hunting with his brother, Harvey Cunningham, Clarence Smith and John Holderman. Walking through the woods, Harry Cunningham was quite a distance back of his companions, when a bird flew between where he was and the other three had gone. The three who were together, turned and shot simultaneously. Mr. Cunningham was far enough away not to have been seriously injured, but his entire right side was filled with shot. Some of it passed through his cheek and three teeth were knocked out. Shot is imbedded in his leg, arm, and side. He was taken to the Chet Stevens farm, where a doctor was called and medical attention given.

Antioch Mayor  
Places Village  
On Flower Map

Honor again comes to Antioch, and this time to Antioch's mayor, S. E. Pollock.

Was it Euripides who taught yours ago the value of striving for the best? Many philosophers have taught it, and that is what Mr. Pollock did. When he heard of the National Flower show that was to be held in Hotel Stevens, Chicago, he immediately planned to exhibit his choice chrysanthemums.

The show opened Monday, and Monday morning, bright and early, Mr. Pollock started to Chicago with his 24 "mums." He entered his exhibit of Whittiers in the commercial class, along with many producers who have been in the florist's business much longer than has Mr. Pollock. When judging took place, the flowers from Antioch won third place, and when one considers that flowers grown in all parts of the United States were on display, one can't blame Antioch's mayor for be-

ing, as he jokingly expressed it, "a little puffed up."

Mr. Pollock doesn't take any of the credit himself. He says that Earl Anderson, who takes care of the flowers, is responsible for the exceptional blossoms. Some of his chrysanthemums are more than seven feet in height. Although earlier in the season there were 500 large yellow blossoms, there are only 175 remaining.

Mr. Pollock's greenhouse is blaring with color—yellow "mums" and pink "mums," large and showy. The pink ones will not have reached the peak of their glory until the Thanksgiving season. The smaller pom-pom chrysanthemums in bronze, white and gold are just coming on. Sweet peas and geraniums, as well as dozens of other flowers, are to be ready for the markets within a short time. Most of the flowers are shipped to Chicago.

**Night Coughs Quickly Relieved**  
Coughs and colds usually grow worse at nightfall. Most coughing is caused by an irritation of the throat and bronchial tubes which continued coughing only aggravates. Such coughs are quickly controlled and stopped by Foley's Honey and Tar Compound. Hold the dose for a time, blow in the throat as for a gargle, then swallow. Relief follows at once. Effective alike for children and grown persons. Try it. On sale at King's Drug Store.

A Long Distance Call  
Is a Simple Matter

PERHAPS there are still a few persons who believe that making a long distance call is a long-drawn-out, complicated and expensive procedure. Such is by no means the case. It is very easy to make any kind of a long distance call.

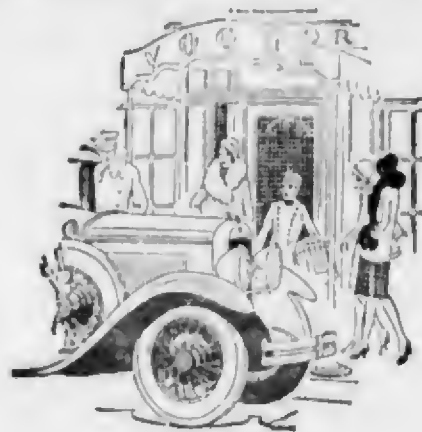

To make a station-to-station call, you merely call "long distance" and when the operator answers you tell her the number of the distant telephone. If you do not know the number, give the name and address under which the telephone is listed. The charge begins when the called telephone answers.

To make a person-to-person call, you tell the long distance operator the name and telephone number or address of the person to whom you wish to talk. The charge begins when communication is established with that person.

If you wish to know the rates or desire any other information, the long distance operator will help you.

## WHAT'S IN A NAME? WELL, PLENTY! MAYBE YOUR OWN "HANDLE" HAS WORLD OF MEANING IN THIS STORY

Every community has peculiar names—and names that are not peculiar. The telephone directory in Antioch is an interesting "bit of literature" to study for a few minutes.

In most districts the number of Smiths, Jones, Browns and Johnsons is about the same, but it is a surprising fact that in the local directory there is only one Brown and but three Joneses. There are 15 Smiths, however, and 16 Johnsons. But listen to some of the EXPRESSIVE names (Words in capital letters are found in the directory.)

The other day as I was standing in the HALL eating a BALDWIN apple, my face a perfect BLANK, my father came to me and said:

"My son, you are AHT to have to get out of here unless you get to WORK. Isn't your ARMSTRONG? Aren't you BRIGHT? From the time you were BORN and were lying in a CRIBB you have been a DARING but you are lazy. I am not giving you the DICKENS because you DOO-LITTLE, but this talk is for your own GOOD. Hold you CHINN high, don't be afraid of hard KNOX. Be a MANN and show the world how SMART you are. Perhaps you can become RICH long before you are old and GRAY."

My father had fired the CANNON that set my heart going. I had become ambitious, and I decided to go to CLEVELAND. I went into the bathroom, turned on the FAWCETT, grabbed two COMBS, and started out to be one of those lads who TACKLES anything and everything. I stopped down town and bought a HAMBURGER sandwich, a GILL of coffee, feeling as proud as a PEACOCK dressed in my new TWEEDE suit.

I hardly knew what I would do, but I had an expression of GRIM determination on my face. I might DIBBLE in real estate; I might be a FISHER and catch FISH; I might study to be an ENGLISH teacher; I might be a BREWER; I might do a number of PETTY things, but I did know that I wanted to do something better than be a SEXTON, a TOLL collector on a bridge, or a MANN who simply does nothing but HUNT ducks or HARES. In other words, I wanted to do something which had MOORE KLASS, and yet would bring home the BACON. I wanted some protection for my trip, and not wishing to spend money for a shotgun, I bought a BEEBE gun, which I thought I could use as a bluff. Really, though, that gun was a DABBY! And it did as much force as the DICKENS, and it was short and BLUNT. I FELL in love with it from the start.

I walked over HULL and DALE. After a LONG while I saw a BLACK-MAN, and I asked him how far it was to the next town.

"You walk past where the old FLOOD GATES are, past the old bottled-in-HOND STILL, past the WEBB BROOK EDDY, and then on until you come to a WHITE house at the corner of a crooked STREET."

By the time I came to the WHITE house I had come to the conclusion that I was quite a WALKER. And such a SMALL BERG as this town was! I think the HULL town could be put in our back yard. I was tired, had a THORNE in my foot, and was as hungry as a SAVAGE. I stopped in a restaurant and bought some corn on the COBB. I asked the waitress if she knew where I could stay all night, and she said she did KNOTT. Then I asked her where there were some SHOWERS so I could take a bath, but she didn't know. She did tell me, however, where there was a TAYLOR, so I had my suit mended. The TAYLOR said his NABOR might keep me all night, but I said NIX-ON that, for I had noticed the housewife there as I had gone by and she looked like a regular HUSSEY. Maybe the TAYLOR'S AMES and intentions were GOOD, but—! I walked on out of town and the sun was so hot I thought I would WILT. I saw an old abandoned CASTLE, and I thought I would stay there for the night. It was a HARDCASTLE to get in, but I finally managed, by stepping on top of one of the WELLS and then climbing a vine. I explored a little and lo, and behold! guess what I found! Bags and bags of money! I didn't know what to do with it. I couldn't trust anyone to take it to my home, so I took enough of it to buy a truck. I loaded the bags of money in it and went home. My father ran to meet me and asked me how I had been and I told him I had BENWELL. He kissed me and threw a GARLAND around my neck, and I felt like a KING. When I told my father how RICH I was he said:

"Oh, SHAW! You are kidding."

I showed him the money, and he said that now the WOLF would be kept from the door all our lives, and that no one would DUNN us for money. He then planned a party for me, because I was home.

I went in the house washed in LUX and was dressed by the time the FIDLER arrived for the celebration. My girl came to the party, and since she is quite a SPOONER we had a good time, and we expect to live happily from now on.

### LUCK TO ANTIOCH

That's What Former Resident Says; Is She Oldest Subscriber of The Antioch News?

It is natural that some readers should enjoy the Antioch News more than some of the others, but there is one woman, Mrs. Mary Hoyt, who thoroughly enjoys every column—every paragraph—every line—yes! every word of the News. Mrs. Mary Hoyt, who lives in St. Catherine's hospital, annex, Kenosha, is in her ninetieth year, and is one of the oldest, if not the oldest subscriber of the Antioch paper.

Mrs. Hoyt enjoys telling of the Antioch of years ago. In 1866 she came to Antioch with a mail carrier to the home of her father, Francis McGovern, a pioneer resident. Mrs. Hoyt recalls how she used to know everyone, but today there are many with whom she is not acquainted. Many of her old friends are dead, she says, and many who had lived here left years ago for other parts of the country. Mrs. Hoyt remembers Chicago in 1848. While she likes to live in the atmosphere of reminiscence, she lives in the future as well, and says enthusiastically:

"Good luck to Antioch!"

### Roxana Changes Name To Shell Petroleum Corp.

St. Louis, Mo., Nov. 15—U. de B. Daly, president of the company heretofore known as the Roxana Petroleum corporation, has announced that his Board of Directors has today approved a change in the corporate name to Shell Petroleum corporation.

The name "Roxana" has been in use since the organization of the company in 1917, when offices were opened in Tulsa, Oklahoma. Headquarters were removed to St. Louis in 1920 and since 1925 have occupied large space in the Shell Building owned by the corporation.

Since 1923, when the marketing of Shell Gasoline, Shell Motor Oil and other Petroleum Products under the Shell trade-mark was inaugurated, the name "Shell" has become so popular and so closely identified with the corporation itself that the name "Roxana" has gradually lost its significance. A change in the firm style to correspond with the trade name of its products has therefore been made.

The Shell Petroleum corporation operates refineries at Wood River, Illinois, Arkansas City, Kansas, and East Chicago, Indiana, from which Shell Petroleum Products are distributed over twenty states in the middle west.

The Antioch Oil company of Antioch, Illinois, are distributors of Shell Petroleum Products in this territory.

### Blame Ice Cream

Ice cream, it now appears, froze the United States out of many events in the Olympic games. The United States Lines London news bureau quotes Charles H. Heldorn, chief steward of the President Roosevelt, as saying of the athletes: "They can't seem to get enough ice cream."

### HELP FOR HARD WORKERS

Men who work hard, and those whose daily tasks expose them to changeable weather conditions, are usually subject to kidney ailments, and kindred ills. J. G. Wolf, Green Bay, Wisconsin, says: "Foley's Kidney Pills relieved me of a severe backache that had bothered me for several months. A few bottles fixed me up in good shape." Cost little, satisfaction guaranteed. Men and women everywhere use and recommend them. On sale at King's Drug Store.

### Red Cross Membership Is Sound Investment, Business Leader Says

"We believe that individual membership in the American Red Cross is a sound investment, yielding the investor tremendous returns in personal satisfaction," is the statement of William Butterworth, president of the Chamber of Commerce of the United States, in endorsing the twelfth annual roll call of the American Red Cross, Nov. 11-29. Mr. Butterworth's statement follows:

"The men engaged in carrying forward the business and industry of this nation are quick to respond, and respond generously, when human suffering calls for their assistance. They welcome the existence of an organization authorized by international treaty and congressional charter to act as their agency, and the agency of all the people, in providing relief in disaster and promoting their beneficial services to humanity. The nation's business men take particular pleasure in supporting The American National Red Cross because it has applied sound and efficient business technique and administrative methods without sacrifice of sympathy and understanding in the prevention and mitigation of human suffering."

"The Chamber of Commerce of the United States, as representative of the nation's business, has such confidence in the American Red Cross that it calls upon its member organizations to contribute to relief in disaster only upon Red Cross assurance that an appeal is necessary."

"We believe that individual membership in the American Red Cross is a sound investment, yielding the investor tremendous returns in personal satisfaction. The Red Cross is seeking to increase its membership to five million; the opportunity to join its ranks is presented by the Red Cross Chapters through out the nation from November 11 to 29. It is good to be a link in this great chain of service reaching around the world."

(Signed)

WILLIAM BUTTERWORTH,  
President  
The Chamber of Commerce  
of the United States.

Fifty nations fly the Red Cross flag. For all it carries the symbolic meaning of help in time of distress; of health preservation; disease prevention; and international co-operation in humane effort, which recognizes no frontier, no difference in language, but only merciful help for all men.

### Fertility Problem

Weed control is largely a fertility problem. Weeds usually become troublesome in pastures when the conditions are not favorable to the growth of desirable plants. On the other hand, when conditions are kept favorable for the growth of bluegrass and white clover, the weeds are seldom a serious problem.

## LAKE COUNTY HERDS FREED OF TUBERCULAR CATTLE AFTER TEST

Complete Eradication Of  
Diseased Animals Is  
Aim Of State.

Lake county dairy cattle owners now have more than three-fourths of their herds and all tubercular animals removed. The Illinois Department of Agriculture, through its director, Sullivan J. Stannard, and the animal industry division superintendent, D. W. Robinson, have certified the county, and urge continued co-operation for completion of the task, and to prevent the importation of untested cattle.

"The same spirit of co-operation between Lake county officials, the local veterinary forces and the men who represent this department of state government can eventually complete the task that has been so well advanced," Director Stannard stated, upon certifying to the progress of this program in Lake county.

"Co-operation," he adds, "is also important for protection of the disease-free herds against the danger of re-infection by the importation of untested cattle. To guard against this danger, quarantine restrictions now become effective in Lake county. They tend to bar tubercular dairy cattle from the county. The provisions of the act, briefly stated, forbid the entrance of untested breeding or dairy cattle. Cattle may come in from accredited counties or from accredited herds without restrictions relative to tuberculosis. To enter Lake county from other sources, such cattle must be accompanied with health charts showing freedom from tuberculosis, and must then be held subject to a sixty-day test. Cattle may come in for feeding purposes if kept segregated from other animals until sold for slaughter.

"For more detailed information, this department will supply copies of the Illinois bovine tuberculosis eradication act in pamphlet form.

"Lake county is to be commended upon its recent progress in this program. We could ask no more complete co-operation that this department has received in recent months. Due to its location in the Chicago milk district, Lake county's dairy industry is an important portion of the

## Public Service Firm Opens Another Shop

Modern In Every Detail Is Store In  
Libertyville; Interior Is Furnish-  
ed For Comfort Of Customer.

An important addition to local institutions and one which reflects the growth ahead of Libertyville was made when the new Public Service store in the Public Service building was opened this week.

According to Theodore Blech, district manager of the Public Service company, the new store embodies the latest improvement for the comfort and convenience of customers. There will be a complete display and stock of the newest practical developments in electrical appliances, as well as a local office for the convenience of residents of Libertyville and nearby towns.

The interior of the store is finished in dark English oak. A customers' lounge space comfortably and attractively furnished has been provided. In addition to the show cases there is an alcove installed with a complete kitchen where the housewife may see the various appliances in actual use.

The new building in which the store is located is of red brick and stucco with a slate roof, and presents an early English exterior. An arcade connects Milwaukee avenue with a rear garden on which face shops, and apartments in the upper floor. An electric fountain is in the center of the garden, which is landscaped to give a courtyard effect. Public Service lighting engineers have designed a colorful lighting arrangement for the fountain, where the streams are illuminated by concealed colored electric lights. Another feature of the building is a tower where is located an electric clock.

farm production of that section. Percentage of infection with tuberculosis has been higher in that part of Illinois than elsewhere. This has increased the urgency and the difficulty of disease eradication in that territory. Recent progress proves that this task can be completed.

"This department of state government remains ready and willing to do all it can to bring about complete eradication of tuberculosis from the Lake county herds. With co-operation on the part of local people, we are confident that this can be accomplished and that the benefits will fully justify the effort."

## FUNERAL IS HELD FOR OHIO YOUTH

Funeral services were held at 2 o'clock Thursday afternoon for Elmer Bettridge, 25, at the home of his aunt, Mrs. William Gray, Main street. The Rev. H. Campbell Dixon was in charge.

Mr. Bettridge, who died in Toledo, Ohio, has many friends and relatives in Antioch. Mrs. W. R. Williams, Mrs. Cubbons, and Mrs. H. Beck are also aunts.

Ten years after the Armistice, the American Red Cross still carries on for the world war veteran, providing comfort and entertainment for him in hospital, aiding his family where necessary, preparing and following through his claims for insurance, compensation or disability.

## A NEW PUBLIC SERVICE STORE in LIBERTYVILLE

THE Public Service Company of Northern Illinois announces the opening of a store in Libertyville to be located in the new Public Service Building, Milwaukee Avenue at Church Street, on Saturday, November 17th.

Here the Company has established complete and modern electric service headquarters for residents of Libertyville and neighboring towns. Special features include a kitchen appliance display, an attractive assortment of other electrical appliances, and a convenient customers' lounge.

Lamps may be exchanged, bills paid, and other business with the Company transacted at this new store.

You are cordially invited to inspect our new facilities for rendering service to residents of Libertyville and vicinity. Souvenirs will be distributed at the formal opening, Saturday, November 17th.

## To The School Board—Congratulations

The opening of the new building of the Antioch Grade school is one of the outstanding events of the year in Antioch. That not only parents are interested was revealed by the fact that many persons who have no association with the school in any way, attended the formal opening Sunday afternoon and Sunday night.

Antioch is fortunate in having a wide awake, active and interested school board—a board composed of men and women who have modern ideas, men and women who are progressive.

Antioch is also fortunate in having well trained teachers who are keenly interested in the welfare of the children and the school.

To the school board, to the teachers, and to the citizens of Antioch there should be songs of praise for the new building, and an especially note worthy point is that the school has been constructed so that a new unit may be added, at the least expense and work, as soon as funds are available.

## USING THE IMAGINATION

How often one has heard children relating wild stories—tales about lions, tigers, giants, and other animals and things—the children believing that they have had adventures with the characters of their stories. What small boy has not killed a hundred tigers or has not slain a giant as big as the sky?

Some persons laugh and remark that the "child's imagination is running wild"; others talk of the stories as "crazy," while still others realize that the stories are really "remarkable." And they are remarkable. They should not be made fun of, but the child's imagination should be cultivated.

Children in the seventh grade of the Antioch schools, with Miss Dorothy Patterson as teacher, are having their imaginations directed in the right path. The children have been writing stories, some of the best ones having appeared in the News. One girl has imagined herself a visitor to the Adirondacks; one boy became a hero and an idol of ball fans, and others put themselves in the places of various types of persons. The stories are interesting to study from a psychological viewpoint as well as from the viewpoint of one interested in writing and in English and grammatical constructions. The project of writing stories in grade schools is an old one, but the task was carefully handled in Antioch and the story writing has been a pleasure.

## NOT WORTH MUCH? EVERYTHING!

Home-making and house-keeping are not synonymous, said a speaker at the last meeting of the Antioch Woman's club. Truer words were never spoken.

Good housekeeping is seeing that the rooms are kept clean, that meals are prepared for the family, and that

everything in general is in order. But a home-making job is different—it has a personal touch. Housekeeping may be composed of tasks which take only part of each day, but home-making requires every hour.

One has respect for housekeeping, but home-making needs love and admiration as part of the work. The other day (at the meeting where the talk on home-making was given) a woman was heard to remark that she had been busy in the business world and with politics. The person to whom she was talking replied: "Oh, I never do anything like that. I guess I am not worth much. I am busy all the time, keeping my home in shape for my family."

Not worth much! A home-maker has no reason to apologize for her job. There is no job which is as worth-while. It is work of which to be proud.

What is the political world, what is the business world in comparison to the home-making world? Is not the home-making world the world in which children are trained to become useful citizens—where children are trained to take their places in society?

Not worth much! The home-maker is truly the salt of the earth.

## They're "IT"—These Firemen of Ours!

It's all over now—the annual firemen's ball which was advertised so extensively throughout the district during the last few weeks. The members of Antioch's Volunteer Fire department have again given an Armistice Day dance in their characteristic efficient manner. Their "party" Saturday night was a success, just as their "parties" have been successes for the last 10 years—successful financially and socially. It was a lively fun-loving crowd that attended the ball, and the people made merry in every sense of the word. They enjoyed themselves and they'll be on hand next year when the firemen have their dance.

The firemen are all men who are interested in the community—not merely as a group but as individuals. The members of the department are leaders in various community projects, such as the Fall Festival. It is no small matter, either, for a man to have to be ready to run any hour of the day or night when there may happen to be a little fire. And it is all volunteer work. The money from the dance is to be used for equipment and to help keep the department in "running order." Antioch should be proud of the local firemen's organization. Whatever the firemen do they do it well, if it is fighting a fire, giving a dance, or helping with some other community projects. To the firemen go today's roses!

"Gov. Al Smith of New York May Become Banker" reads headline in Waukegan Sun. Don't start yet getting your funds ready to deposit with Al, for just think back a short while, and recall that Al once DECIDED to become president of this grand old union of ours.

Now that every good Republican in Lake county can breathe freely, knowing that Emmerson, Stratton, and Herb Hoover are safe on the home base, we suppose the next important topic to be widely discussed will be: to do or not to do, and if to do, when to do the old red flannels.

## LAKE VILLA

Mrs. Abernathy who has been with her daughters, Mrs. Plach and Mrs. Harmon at Coney Farms, has started for her home in Pennsylvania, and will visit friends in Washington, D. C., for a few weeks.

Mr. and Mrs. Earl Hucker and Mrs. H. C. Dixon were Chicago visitors Wednesday of last week.

Mrs. Miller has returned from Missouri where she has spent the last two months with her brother, who has been ill. She returned in time to vote.

Mr. and Mrs. R. H. Sherwood started last week for their winter home in Florida. They made the trip by automobile.

Mr. and Mrs. George Mitchell and Helen Ann were out from Chicago for a few days as Mr. Mitchell had a holiday from his duties. They returned to their home Monday afternoon.

Mrs. Emma Martin has gone to Michigan to spend a few months with her niece there. Mrs. Brennan and Joe Brennan are occupying the Martin home.

Mr. and Mrs. Julius Pederson are spending a few weeks with Chicago relatives. Mr. Pederson is recovering nicely from his recent illness and expects to be back at work in a month or so.

Mr. and Mrs. Frank Wood spent Saturday and Sunday in Evanston and were guests of Mrs. Wood's sister.

Mr. Sorenson has taken the job of section foreman and he and his family moved last week into the house furnished by the Son Line for their foreman.

Jessie McGlashen who works in Chicago, was home over Sunday.

Miss Rose Thorsen and Catherine Boehm accompanied Miss Mabel Scott to Chicago Saturday and Miss Thorsen remained with her friend, Miss Scott, over Sunday.

Mrs. Sarah Sherwood is ill at her home here and is being cared for by her family assisted by a nurse. This is her second severe attack in two weeks. Her daughter, Mrs. Hendricks, Ingleside, has also been with her this week.

Mr. and Mrs. James Atwell visited friends at the Lake County hospital Monday.

Mrs. Fred Hamlin and Mrs. Paul

Avery were visitors in Waukegan Monday.

The Ladies' Aid society will meet with Mrs. Dobbin, Lindenhurst Farm, Wednesday afternoon, November 21. The society has set December 7, as the date for the Christmas sale and chicken supper.

Mr. and Mrs. N. L. Nelson, Lindenhurst Farm, entertained several of Oliver Nelson's friends and his teacher, Miss Scott, at dinner Friday evening in honor of Oliver's tenth birthday anniversary.

The foundation is in for Haley and Renter's new service station on the Foster property. John Meyer is doing the work.

Cedar Lake Camp R. N. A., was entertained by the Grayslake Camp last Tuesday.

Miss Augusta Lehmann has had her swimming pool remodeled into a ballroom and entertained a large party at her home Saturday night. An orchestra from Chicago furnished the music.

## LAKE VILLA SCHOOL

Room One  
Huly A. Falch, instructor  
Grades I and II

Mrs. Hadad visited the classes and her interest in the school work is appreciated. It is hoped that others will visit soon.

The children have been making log cabins for the sand table where the pilgrims are now in possession. Part of the fun was gathering the logs. Members of Grade One are making up their Thanksgiving stories. They will print them with the printing press, and read them to the class later in the month.

The good spellers for the week were: Grace McGlashen, Virginia Hadad, Janice Kapple, Margaret Walker, Veneta Philippi, Donald Sherwood and Jack Effinger.

Room Two  
Norina I. Schora, instructor  
Grades III and IV

Each Friday afternoon, several members of the class give a program. Last week the program was presented by Vernon Keller, Robert Sorenson, Jack Fowles, Arnold Johnson and Ruth Alice Cannon.

Bojan Hamlin brought some Pilgrim posters to school to help decorate the room for Thanksgiving.

Stars in spelling were earned by: Mable McCann, Alice Dixon, Pauline

Nader, Leone Buchta, Glenn Gring, Vallere Wilton, Jean Crabb and Ruth Cannon.

## Room Three

Mabel I. Scott, instructor  
Grades V and VI

The society in Room Three has adopted the name "The Snappy Group," which is thought most appropriate for such an enthusiastic club.

Two of the pupils have received 100 per cent for the week's work—Jule Hall in spelling and Richard Barnette in arithmetic.

Clarence Hanson and Jule Hall received Faust Improvement certificates for the month.

## Room Four

Elmer M. Beckwith, instructor  
Grades VII and VIII

General assembly Friday morning was participated in by all pupils of the upper grades, with an Armistice program. Songs, poems and articles were featured and discussed; two violinists, Carl Nader and Delbert Sherwood, assisted during the singing. Grades 5 and 6 will present a playette during the same period tomorrow morning.

Faust Improvement certificates were granted to Tony Sciaccero and Howard Brompton.

For weeks and weeks Rita Hawkins has been waiting snow, and after the first fall, a week ago, Old Eagle Eye saw Rita literally skipping through town she was so happy. It's nice to be so happy—and all over a few snow flakes.

Saw Clarence Shultz the other morning, busy with Legion affairs. Buying cardboard. Funny thing, he walked down the street in shirt sleeves as though the day were one of those rare June ones. And the temperature that morning was the lowest yet recorded! He's just another one of those souls used to the chill winds.

Children may cry for—you all know what it is, but one of the things which some of the smaller children like to do best is talk to Russell Keulman. Saw him the other morning trying to go into the store, but he was blocked by four children and a coaster wagon, the children asking questions and "telling" facts.

Did you notice that the only flag on display in front of an Antioch store Sunday, Armistice Day, was in front of the Reeves Drug store? But did you also notice that at 7:15 o'clock Monday morning the Fire department, the Chicago Footwear Company, Reeves', and Sablin's had theirs out—and before long, both sides of the street boasted flags, standing sentinel-like?

Counted more than 100 pigeons on the roof of the Antioch Milling company building Sunday morning, early.

See you later, folks!

New Ruling Goes Into Effect  
November 11; Protests  
Filed.

That radio station WCHD of Zion, representing an investment of more than \$200,000, had to cease its night broadcasting, following a ruling that has been received from the Federal Radio commission.

This station is one of the finest and most powerful in the country broadcasting on 5,000 watts. Many protests are being made by radio fans in the middle west.

## To the first half-million new Ford owners

TO THE half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring.

The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

One of the best ways to do this is to take your car to the Ford dealer every 500 miles for oiling and greasing and a checking-up of the little things that have such a great bearing on long life and continuously good performance.

Such an inspection may mean a great deal to your car. To you it means thousands upon thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at a minimum of trouble and expense. That is the true meaning of Ford Service.

## LAKE VILLA SCHOOL

Room One  
Ruby A. Falch, Instructor  
Grades I and II

Mrs. Hadad visited the classes and her interest in the school work is appreciated. It is hoped that others will visit soon.

The children have been making log cabins for the sand table where the Pilgrims are now in possession. Part of the fun was gathering the logs.

Members of Grade One are making up their Thanksgiving stories. They will print them with the printing press, and read them to the class later in the month.

The good spellers for the week were: Grace McGlashen, Virginia Hadad, Janice Kapple, Margaret Walker, Veneta Philippi, Donald Sherwood and Jack Effinger.

Room Two  
Norma I. Sehora, Instructor  
Grades III and IV

Each Friday afternoon, several members of the class give a program. Last week the program was presented by Vernon Keller, Robert Sorenson, Jack Fowles, Arnold Johnson and Ruth Alice Cannon.

Bojan Hamlin brought some Pilgrim posters to school to help decorate the room for Thanksgiving.

Stars in spelling were earned by: Mahle McCann, Alice Dixon, Pauline

## GOAL OF RED CROSS ANNUAL ROLL CALL 5,000,000 MEMBERS

Disaster Relief and Work for Veterans Cause Heavy Drain on Resources.

In order to enable the American Red Cross to carry on its broad activities, ranging from service to the world war veteran to instant response to time of disaster, a membership of 5,000,000 should be enrolled, and in this year of 1928-1929 that is the goal set for the twelfth annual roll call, to be held from November 11 to 29, Armistice to Thanksgiving Day.

John Barton Payne, chairman of the American Red Cross at Washington, in calling upon the nation for 5,000,000 adult members, directs attention to the great expenditures required of the Red Cross for disaster and veteran relief work, and for its many other activities devoted to health preservation and improvement and to cutting down the number of accidental deaths, through life saving and first aid courses.

"The Red Cross should at all times have a large reserve fund," Judge Payne stated, "because when disaster strikes, and this organization is called into instant action, there is no time to stop and raise funds. Dollars may mean lives, so we should have at all times a good reserve. We have been forced each year to draw upon our reserves, and we find that the demands are increasing annually."

Judge Payne pointed out that in the fiscal year of 1927-28, the Red Cross had extended aid in 66 major catastrophes in the United States and its insular possessions, and in 22 nations abroad. This does not include the West Indies hurricane disaster in Porto Rico and Florida, which occurred after the close of the Red Cross fiscal year, June 30, 1928.

The Red Cross expenditures for disaster in that period were \$16,544,258.57, of which approximately \$13,000,000 was expended in the Mississippi Valley for the flood relief work, which came from a fund contributed by the public. More than \$1,000,000 was expended in the St. Louis tornado damage, and more than \$1,000,000 in New England. In both cases public relief funds were raised, although in New England the Red Cross contributed in excess of \$500,000 from its own funds for the relief work. In the majority of the other 66 disasters, and in all of the 22 foreign catastrophes in which the Red Cross extended aid, the money came from its own resources.

The largest item in the annual budget of the Red Cross is for its veteran relief and work for disabled ex-service and service men, upon which it expended in this year \$1,169,795.

Every man and woman is asked by Judge Payne to join the Red Cross during the roll call period, to aid in these humanitarian enterprises.

### RED CROSS NURSES AID IN HURRICANE DISASTER

In addition to their year around work in the Public Health field, the Public Health nurses of the American Red Cross have answered a number of calls to combat epidemics, and in disaster work during the year just ending, the Red Cross states.

Their greatest task was in the relief following the West Indies hurricane when 20 nurses were despatched to Florida and 32 to Porto Rico, to assume charge of the health work there. Epidemic conditions were especially grave in both places, and inoculation of several hundred thousand persons had to be arranged in order to prevent spread of contagious. Nursing the injured, the sick, aged and young and caring for the newborn were heavy tasks in both areas.

The Red Cross nurses also were called upon for work in epidemics in communities, including the serious septic sore throat epidemic in New England and a typhoid epidemic in New York state.

## To the first half-million new Ford owners

TO THE half-million men and women who have received new Fords in the last eleven months, there is no need to dwell on the performance of the car.

attention. Yet that doesn't mean it should be neglected. Like every other fine piece of machinery, it will serve you better and longer if given proper care.

You have tested its speed on the open road. In traffic you have noted its quick acceleration and the safety of its brakes. You know how it climbs the hills. On long trips and over rough stretches you have come to appreciate its easy-riding comfort. Continuous driving has proved its economy of operation and low cost of up-keep.

This is an invitation to you to take full advantage of the service facilities of the Ford dealer organization so that you may continue to enjoy many thousands of miles of carefree, economical motoring.

The point is this. You have a great car in the new Ford. It is simple in design, constructed of the best materials and machined with unusual accuracy. It is so well-made, in fact, that it requires surprisingly little

One of the best ways to do this is to take your car to the Ford dealer every 500 miles for oiling and greasing and a checking-up of the little things that have such a great bearing on long life and continuously good performance.

Such an inspection may mean a great deal to your car. To you it means thousands upon thousands of miles of motoring without a care—without ever lifting the hood.

Ford dealers everywhere have been specially trained and equipped to service the new Ford. You will find them prompt and reliable in their work, fair in their charges, and sincerely eager to help you get the greatest possible use from your car for the longest period at a minimum of trouble and expense. That is the true meaning of Ford Service.

## SEVEN RETURN BOUTS ARE ON PALACE CARD FOR TOMORROW NIGHT

"Fights From Beginning to Finish," Promoter Dick Macek Says.

Seven return matches will be staged at the Antioch Palace tomorrow night. Promoter Dick Macek promises that every bout will be a slugger and a fight from start to finish.

Charley Zahlate, Highland Park, and Harry Leggette, Chicago, 125 pounds, are to tie in for a while, and George Taylor, Negro, Waukegan, and Fred Lanz, Kenosha, 135 pounds, should offer some interesting bits of battle.

Others on the card are: Mac McMulla, Waukegan, vs. Joe Stowe, Kenosha, 150 pounds; Earl Simmons, Lake Forest, vs. Steve Slazer, Grayslake, 150 pounds; Tony Mestle, Waukegan High school champ, vs. Eddie Garlow, Kenosha, 145 pounds; Bobby Juhrend, Tribune Golden Glove Winner, Deerfield, vs. Leo Leggette, Chicago, 122 pounds; and Tony Labus, Waukegan, vs. Robert Trombino, Waukegan, 138 pounds.

## Fights Were Good

Despite the bad weather and small crowd at the Palace last Friday night, the entertainment was great, there being a sure enough k. o., a technical knockout, and three four-round matches.

In the second fight of the evening was the knockout, when Harry Leggette, Chicago, popular Palace "regular" put Otis Obenshine, Milwaukee, down after 1:13 minutes of clashing in the second round.

Elmer Bennett, Milwaukee, won by a technical knockout over Jimmy Murphy, Chicago, in the fourth round, in the semi-windup. Murphy isn't in the habit of losing, but it took all that he had to even get a draw at the end of the third, and when it came to the

LOST—\$25.00 reward will be paid to person returning man's pocketbook containing about \$200 lost last Thursday morning between First National bank and Williams Brothers' store. Andrew Peterson, South Main street. Telephone 231W. (14p)

Last round, Murphy just couldn't make a go.

The windup presented a real nut, with Westley Johnson, Milwaukee, defeating Ray Tranter, Rockford. Four rounds were necessary for the victory. There wasn't one minute that both men were not up and at it. Although Johnson had a slight margin in the first two rounds, Tranter had enough of the lead in the third, to bring a decision of a draw. Johnson won the match—but not by much.

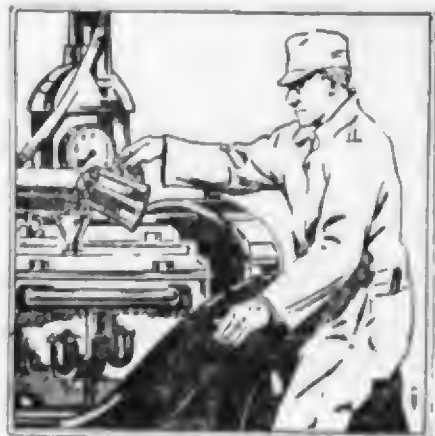

In the evening's first bout Howard Kraft, Grayslake, won over Harold Floyd, Milwaukee, in three rounds. Jimmy Chase, Tribune Golden Glove winner, defeated Alex Kazlo, Chicago, in three rounds. Bob Stone, Chicago, was declared winner at the end of three rounds, over Frank Tenneyson, Milwaukee.

In four rounds each, Gus DeSabo, Milwaukee, won over Lou Buckman, Rockford, and Jimmy Hull, Lake Villa, beat Matt Dahlman, Milwaukee.

America holds the Red Cross emblem sacred because it represents a universal helpfulness—a service to all citizens—without regard to race, color or creed.

For real action and aggressiveness the bout between "Wildcat" Murphy and Ted Novack, 160 pound Milwaukee maulers, was the hit of the show.

## PROFESSIONALS ARE SEEN IN FAST BOUTS AT TWIN LAKES ARENA

Mavis Loses Hard Fight to Berndt—Munzell Beats Cashill.

Jimmy Munzell, Milwaukee light weight, was credited with winning over Jimmie Cashill, Chicago, in six rounds, and Irvin Berndt, Milwaukee, got the newspaper decision over George Mavis, Chicago, in the double windup at Twin Lakes ball room last Thursday, when the second professional boxing card was staged by Carl E. Rademacher under the auspices of the Twin Lakes Athletic club.

The hardest blow of the whole show was dealt out by "Old Man Weather" who, decreed rain and sleet mixed with snow and so gave box of five receipts a severe blow. However, those who braved the weather were well repaid, for they saw 25 rounds of bang-up boxing that was fast stuff in every one of the six bouts.

Mavis Clever Guard. In the windup event George Mavis seemed to take everything Irish. Berndt started in his direction. Berndt used up enough energy to kill a half dozen men but he could not land the haymaker on George who was kept busy on the defensive all the way. It dawned on the crowd that Mavis was doing a great defensive battle although it can not be claimed that the Chicago battler had even a shade in any one of the six rounds. It was Berndt's scrap all the way, although he wavered a trifle in the fourth and fifth rounds when Mavis had him missing nearly every punch.

Munzell Gets Verdict. In the other half of the double windup, Jimmie Munzell, Milwaukee lightweight, is credited with having won four of the six rounds over Jimmie Cashill, Kenosha. The first two sessions looked fairly even or possibly the first was in Cashill's favor. In the first round Cashill cut his nose on Munzell's head and plenty of pure flowed during the remainder of the bout. The Milwaukee battler easily won the last four rounds.

Philippine Is Clever.

By far the cleverest exhibition seen in the Twin Lakes arena Thursday night was the fighting of Franklin Cheek, "Philippine Typhoon," who took every session in his four round fracas with Jack Hanley, of Green Bay. Hanley has a habit of "telegraphing" his blows and the young Philippine had no trouble in keeping out of harm's way. His footwork was marveled at by many of the fans who had never seen a scrapper so fast on his feet. This boy has speed and will go up in the profession.

"Wildcat" Murphy Loses.

For real action and aggressiveness the bout between "Wildcat" Murphy and Ted Novack, 160 pound Milwaukee maulers, was the hit of the show.

## LIBERTYVILLE'S TEAM WINS OVER ANTIOCH

Local Boys Play Great Football Before Thousand Fans

The horde of little, crafty, oversize wildcats from the south, invaded the local football field Monday afternoon and clawed their way to a 6-0 victory, after one of the most closely contested games ever seen in the conference.

This victory gives the orange and black the clear title to the 1928 championship.

The Antioch boys put up the greatest fight of their careers, holding the camps to even terms or better except for the few seconds in the second quarter when Tromble caught a short pass and squirmed past two tacklers for the lone score of the game. The statistics of the game give a slight edge to Antioch. They made eight first downs to seven for Libertyville. Antioch gained 170 yards from scrimmage to 134 by their opponents. However, Libertyville had the better in the punting, making a total of 291 yards in 12 tries with an average of 24.2 yards. Antioch punted 239 yards in 11 times with an average of 21 yards. Each team completed one

Murphy wants to go—at the clang of the bell he was up and at his man like a maddened animal, ready to mix things almost before Novack was on his feet. But Novack, taller and more clever, tamed his man and took all but the first of their four round scrap.

In the preliminaries, Max Stewart, Milwaukee, won over Johnnie Busch, Saukoyean, in four rounds. For two rounds spectators contented themselves by watching footwork, as very little fighting was done. It was in the last half that the Milwaukee lad opened up his artillery and took the decision.

Referee Warns Phillips.

In the opener Jack Phillips, Chicago, lost to Morris Greenberg, Milwaukee. After battling to a draw in the first round, Greenberg grabbed the second because of his aggressiveness. In the third Phillips was warned by Referee Andrews for striking low. Many calls of "foul" were heard from the fans during this round. One of these seemed to have some effect as Greenberg was floored for a count of one, but he came back strong, taking the fourth round and the decision.

pass. Libertyville converting their schools on the high plane of sportsmanship on which they conducted themselves. If it were not so, the benefits of the game would be lost.

Antioch was unable to complete passes due to the Libertyville stalwart line which held sufficiently well that the backfield men and center were able to play deep enough to break up passes.

One seldom sees as evenly built bunch of football boys from a small school as Libertyville had. Each man on the line was rancey and had lots of beef to stand the grueling that must necessarily be a part of the game. Each Antioch boy had to play against a player from 15 to 50 pounds heavier than he.

Coach G. G. Reed deserves a great deal of credit for the way his boys have played during the season. They have played smart football and in nearly all instances had the odds against them in weight.

Antioch will lose a lot of good men this year. In Captain Sheehan and in Stollinger, Antioch will lose two backfield men that are equal to any in the conference. Several good linemen who have played their last game for A. T. H. S. are: Wertz, Murrie, Dalziel, Anzinger, Strumetz, Kufalk, Hunter, and Burnette.

The crowd that attended this game was probably the largest that ever attended a Northwest conference game. There was in the neighborhood of 1,000 persons who saw the game. Two hundred dollars was taken in at the gate. There was a large number of season ticket holders and other persons who did not encounter the cashiers.

The firemen acted as marshalls of the day, directing traffic and keeping the playing field cleared.

After the game, the commercial club of the Antioch High school was host to the students of both schools at a dance in the new gym. Even though the rivalry between the schools was keen before and during the game, good fellowship existed throughout the party. We wish to compliment the students of both
